A: Please check VVDI driver is successfully installed, have no idea on how to install VVDI driver, please watch the video tutorial uploaded at the column "Video".

About function

Q: What's similarities and difference between VAG KM + IMMO TOOL or VVDI China VAG Vehicle Diagnostic Interface?

A: VVDI support making key for VW Audi Skoda Seat, VAG KM + IMMO TOOL is mainly used to correct mileage, but before buy it you need to tell us the dashboard chip type to see whether our tool work with your dashboard.

Q: Can VVDI support programmer transponder id48 crypto VW golf v 2007?

A: Theoretically, VVDI can do, advice you have a try.

Q: Can VVDI make new key for Polo 2012 even all key lost? Can VVDI program ECU?

A: yes, VVDI can make key for Polo 2012 even all key lost with "IMMOPlus software", and VVDI is not good at programming ECU for Polo 2012.

Q: What can make a copy of a key for a Audi A4 2006

A: There is no good tool for it and maybe you can try for VVDI.

Q: Which tool can make key and has anti-theft function for VW (Polo, Golf) or Audi (A4, A3, A6)?

A: Try to use VVDI.

Q: I wonder if VVDI le pin code of the immobilizer and writes the key and remote control on 2009 Jetta a / t leandro

A: It can read pin code. As for programming key for Jetta 2009, try to use T300 or VVDI.
